| SALARY | G / DOE - \$20.00 an hour minimum starting wage |
| DIVISION | Medical Services, Multiple Departments |
| CLOSE DATE | Open Until Filled |

NATURE OF WORK:

Responsible for the delivery of appropriate, timely and beneficial care for patients which promotes quality and cost-effective health care outcomes working within established standards for case management practice, and Advance Access principles. Provides standard nursing care for patients throughout the age continuum. Responsible for active management of patients. Maintains compliance with applicable laws such as client confidentiality, Americans with Disabilities Act, Workers' Compensation, abuse reporting, principles of consent, and advanced medical directives. Advocates for the client/family at the service-delivery level and at the policy-making level fostering the client/family's decision-making, independence, and growth and development. Integrates factors related to quality, safety, efficiency, and cost effectiveness in planning, delivering, monitoring and evaluating client care promoting the most effective and efficient use of human and financial resources. Functions as the liaison between referral providers and SCF providers. Acts as the resource nurse in the clinic. Participates in department, ANMC campus, or SCF corp. teams and committees. Assist in the implementation of nursing system that supports the mission of the American Academy of Ambulatory Care Nursing. (AAACN).

KNOWLEDGE, SKILLS, AND ABILITIES:

RN Case Manager I Ability to perform job using theory-based nursing practice model, evidenced based practices, and shared governance in a multidisciplinary team model. Ability to participate in a multidisciplinary clinical team. Knowledge of clinical quality improvement models and process. Knowledge of scope of patient care services provided by other clinical service lines and the referral process. Knowledge of effective teaching processes and principles in planning, providing and evaluating optimum health care. Knowledge of quality management and improvement processes to comply with internal and external standards, i.e., JCAHO. Knowledge of general medical procedures and the ability to anticipate complications and the indicated therapeutic interventions. Knowledge of clinic practices and ability to act as a resource for clinic personnel and assist the providers as necessary. Proficiency in the use of appropriate computer based software and office equipment. Knowledge of 1974 Privacy Act is required as use of patient record is an integral part of the position and privacy of individuals must be protected to the fullest. Ability to maintain quality safety and infection control standards. RN Case Manager II Knowledge and ability to apply the operational principles and the primary care model. Knowledge and ability to apply primary care best practices. Ability to mentor and orient new staff members.

QUALIFICATIONS:

SCF programs are established for the purpose of serving a primary population comprised of Alaska Natives who are affiliated with the Cook Inlet Region, Inc. (CIRI), and Alaska Natives and American Indians within SCF's geographical service area. Employees should have a thorough understanding of the cultures and the needs of the CIRI members, and of the general culture and needs of Alaska Natives and American Indians. Such knowledge is critical in order to ensure the achievement of the mission and vision of SCF: working together with the Native community to provide the best services with Native staff who value the family and family wellness as the heart of the Native community. RN Case Manager I Graduate of an accredited school of nursing. Bachelor's degree or higher level educational program in health and human services is preferred. Current registered nurse license in the State of Alaska. Basic Life Support (BLS) certification is required. ACLS, NRP, ATLS, ALSO and PALS as required for specialty. Certification in lactation teaching required for home based programs for families with newborns. RN Case Manager II Certification in Case Management and/or other certifications pertinent to clinical settings. Two (2) years nursing experience. Successful completion of job progression checklist.
